FROM THE PRINCIPAL

Dear Families,

24 CARROT GARDEN

Our MONA 24 Carrot Garden Program is well underway this term. Last year thirteen amazing students redesigned our garden space as an extension STEM project. It has been inspiring to watch their ideas come to life over the past few months. The design is not fully completed. We look forward to seeing the outdoor classroom space being constructed later this year.

The design of the Kitchen Garden Program is to allow and enable every student to participate in and develop skills and understandings in the seed to plate concept. All students will work in the garden on Thursdays and cook in the kitchen on Fridays using the produce from the garden prepared the day before.

Keep an eye out for our yummy recipes being posted weekly on our FACEBOOK page.

NAPLAN

NAPLAN is well underway at Kingston Primary School. Our Grade 3 and 5 students have completed the Writing Assessment, with most of our Grade 5 students completing the Reading, Language Conventions and Numeracy. Our Grade 3s will complete the other assessments next week. Well done to all students for the positive way in which you have approached this week. Congratulations.

Some fun NAPLAN facts; over 50,000 student assessments have been successfully submitted this week in Tasmania and well over 400,000 assessments submitted nationally.

GRADE 5 AND 6 CAMP

Next week Grade 5 and 6 students will be embarking on Camp. The Camp will be held at Spring Beach, Orford on Wednesday through to Friday. Students will participate in lots of different outdoor activities, working with their 'Tribes' to complete numerous challenges, and of course having lots of fun. We look forward to sharing lots of pictures, adventures and stories from our time away.

MRS PAINE'S GRADE 1/2

We read 'George's Marvellous Medicine' as a class novel. Afterwards we wrote a recipe for our own marvellous medicine and made a scene from the story in Art where Grandma grows and grows until she goes through the roof.
